EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Angus Gill on 6/18/04.

The application has been amended as follows: In each of the independent claims 1,2,3,4,5,6,7,52,53,54,55,59,63 and 67 (patent claims 1,11,17,23,29,35,40,45,46,47,49,53,57 and 48, respectively), on the penultimate line (second to last line), change "envelope is" to --stops are--.

2. The following is an examiner's statement of reasons for allowance: There isn't any suggestion in the art of record of providing an envelope with a zone of weakness having at least one stop defined by areas of the envelope that are intact and interrupt the zone of weakness to protect the zone of weakness from inadvertently parting, as claimed. The stop interrupts a zone of weakness as opposed to tags on a perforated line which are part of the zone of weakness.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The drawings were received on 3/26/04. These drawings are approved.
4. Applicant's arguments, see pages 20 and 21 of the amendment, filed 3/26/04, with respect to the objection to the drawings and rejection of the claims have been fully considered and are persuasive. The objection of the drawings and rejection of the claims have been withdrawn.
5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sue A. Weaver whose telephone number is (703) 308-1186. The examiner can normally be reached on Tuesday-Friday.
